## LANGUAGES

ENGLISH

MALAYALAM

HINDI

## INTRODUCTION

Hi, I am Aakarsh, and I am very passionate about designing. As an organized and highly efficient UI/UX designer, I make sure my designs are relevant and suits the needs of the customer.

## EXPERIENCE

### GRAPHIC DESIGNER | CASPER ACADEMY OF EXCELLENCE

*July 2020 - present*

Working closely with the Director of the company, I try my best to fulfill all his graphic design needs, which vary from making flyers to business cards to making posters everyday for the business page of the company.

### CHAIRPERSON | IEEE SB GECI

*November 2019 - present*

Building up a student branch from being a team of just 8 members to a fully fledged 75 vibrant volunteers, has brought into light how important teamwork is and that hardwork really does pay off.

### STUDENT AMBASSADOR | FOSS CELL GECI

*September 2019 - present*

Working with an Executive Committee that consists of just 4 members has helped me handle multiple important tasks at the same time.

### TUTOR | G TEC - COMPUTER EDUCATION

*May 2017*

A month of tutoring students toned my inter-personal skills and helped me communicate better. It also helped me not to lose touch of various programming languages.

## CERTIFICATIONS
